WELCOME

OCTOBER 2019

We are totally committed to independent pharmacy and have grown our OTC proposition to fully support the developing pharmacy retail market. Having strong relationships with all the leading OTC manufacturers and suppliers, we offer the leading lines at the best prices along with an unrivalled local service.

October is a huge month for OTC in pharmacy. It signals the start of the cough & cold season and with Stoptober driving your customers quit attempts throughout the month it will be a busy month ahead. We have some great offers on the leading smoking cessation brands and some huge early discounts on popular winter medicines. Don't forget to use your free shelf barkers on the back cover to highlight the leading seasonal offers.

STÉRIMAR™

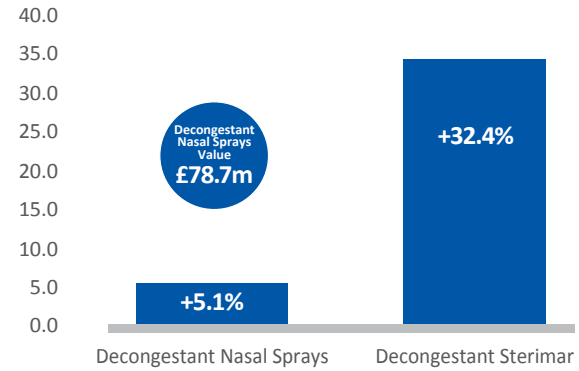
GP RECOMMENDED No.1 BRAND*

100% Natural Sea Water based nasal sprays

A FOCUS ON
COLD & SINUSITIS

A cold is caused by a virus that affects the nose, throat and upper airways.
There are more than 200 different viruses that can cause a cold. The flu (influenza) is caused by more severe viruses. Adults, on average catch three to four colds each year.

Decongestant Sterimar™ outperforms the category



Nielsen value % change vs YA total coverage MAT 10.08.19

The nose is your first line of defence.
The nose is a highly effective filter for your body. Filtering through over 15,000 litres of air a day, doing its best to filter out the dust, pollution and allergens looking to enter into your body through your nasal passages. If the nasal passage (the inside of your nose)
dries out or is clogged, it cannot be as efficient when performing its crucial role in keeping you healthy.

That's where Sterimar comes in.
Ensuring that the nose is clean, clear and moisturised can help ensure the nose remains in top working condition to help defend against the airborne contaminants you breathe in. It helps to prevent the onset of cold & sinusitis symptoms.

*GPrX data – Sodium chloride sub-category: data from April 2016 to April 2018 – UK coverage

CONGESTION

A blocked nose is primarily caused by inflamed nasal passages. The body's immune system - its natural defences - attempts to fight off the **cold and sinusitis symptoms** by targeting the inflamed areas. While antibodies attack the virus, blood vessels around the nasal passage begin to swell up, causing the body to make a thick nasal mucus, which causes the blocked & stuffy nose. Finding a way to reduce the inflammation in nasal passages is key to clearing a blocked nose.

STÉRIMAR™ IS SUITABLE FOR ALL YOUR CUSTOMERS

They need something that is safe to use

Stérimar™ can be used during pregnancy and breastfeeding, and has no known interactions with any other medication, so customers can feel confident that using Stérimar™ will not have a negative impact on their health. It doesn't cause drowsiness and has no known withdrawal symptoms or rebound effects.

They are taking prescription medication

Customers who suffer from other conditions may be worried about taking an over-the-counter product for their cold symptoms. You can reassure them that Stérimar™ is drug and preservative free with no known risk of interaction with any other medication, so can be used on conjunction with other medicines.

They need something that is effective and works quickly

Products such as Stérimar™ Stop & Protect Cold & Sinusitis have been proven to provide both rapid and effective relief of Cold and Sinusitis symptoms alongside effective protection against further infection. Stérimar™ Congestion Relief also helps to decongest the nasal cavities, various clinical studies have been undertaken which have shown Stérimar™ to be effective in relieving nasal symptoms.

STÉRIMAR™
the UK's no.1
GP recommended brand*

HOW TO USE STÉRIMAR™ ADULTS & KIDS

Stérimar™ has a unique nozzle that disperses the solution in very fine droplets further up the nose for increased efficacy. Stérimar™ is easy to use at any angle.

1. Prime the spray by briefly pressing the nozzle.
2. Insert the nozzle into one nostril.
3. Press briefly without tilting your head backwards or sniffing.
4. Blow your nose.
5. Repeat in other nostril.
6. Clean the nozzle after application with hot water and wipe with a clean, dry cloth. Use as often as required or as recommended by your doctor.

The effective natural solution that unblocks congested little noses from 3 months and up.

Stérimar™ Kids Congestion Relief is a hypertonic† solution made from 100% natural sea water enriched with added copper and magnesium salts. Stérimar™ Kids nozzle fits safely in your kids nose to provide effective relief. With a slightly higher salt concentration than cells in the human body, Stérimar™ Kids creates a natural osmotic effect that gently draws and drains excess fluid, like mucus, from the nasal lining to rapidly relieve bunged up noses and help prevent the risk of secondary infection by washing out nasal cavities.

†Hypertonic solution: solution with a higher salt concentration than cells in the human body for a natural decongestant effect, called the osmotic effect.

NATURALLY GENTLE AND EFFECTIVE

Get an extra layer of protection against colds with new Stérimar™ Cold Defence – an exclusive formula inspired by nature. The 100% sea water based solution is enriched with copper salts to gently cleanse nasal passages and help reduce the risk of ENT disorders such as sinusitis, bronchitis and otitis.

Stérimar™ Cold Defence works by washing out impurities in the nose including airbornes responsible for colds, helping to limit cold symptoms from developing and enabling you to make the most of your busy day ahead.

Who is it suitable for? 3+

POWERFUL YET GENTLE DECONGESTANT, INSPIRED BY NATURE

Stérimar™ Congestion Relief is a hypertonic* solution made from 100% natural sea water, enriched with added copper and magnesium salts to wash away even thick mucus and rapidly decongest the nose in case of colds and sinusitis symptoms.

Stérimar™ Congestion Relief helps to fight colds, sinusitis symptoms and limit the risks of secondary infection by washing out nasal cavities with no known side effects from chemicals like steroids or preservatives that some medications may have.

*Hypertonic solution: solution with a higher salt concentration than cells in the human body for a natural decongestant effect, called the osmotic effect.

Who is it suitable for? 3+

FAST AND EFFECTIVE RELIEF FROM CONGESTION WHEN NEEDED MOST

Stérimar™ Stop & Protect Cold & Sinus Relief is scientifically proven to immediately unblock and relieve nasal passages. Scientifically proven and fast acting relief recommended by GPs and made with 100% natural purified sea water based formula, enriched in sea minerals with added copper and eucalyptus oil.

Stérimar™ Stop & Protect also helps to fight cold symptoms and secondary infections by washing away nasal cavities. Stérimar™ Stop & Protect Cold and Sinus Relief is drug, steroid and preservative free. It is suitable for pregnant women, breast feeding mothers and children from 3 years and up.

Who is it suitable for? 3+

Cura-Heat are air-activated heat patches designed to provide targeted, warming relief to minor muscular, joint and abdominal aches and pains. The heat patches provide heat that radiates through to the source of pain - decreasing stiffness, improving mobility and relaxing tense aching muscles. Some Cura-Heat variants can even provide up to 24 hours pain relief.

paingone®

Helps you get back to your best

UP TO **20%** off Trade

Classified Medical Device

AS SEEN ON TV

Paingone
The original TENS pen

- Use anytime anywhere
- No pads leads or batteries
- Works through light clothing
- Lasts 2 years
- Clinically tested

This simple-to-use TENS device is suitable for all types of muscle and joint pain including arthritis and chronic pain. Simply place the device directly on the area of pain and click for 30 seconds. This will deliver a controlled electronic frequency straight to the point of pain and can provide prolonged and often instant pain relief.

Paingone Plus
The automatic TENS pen

- 30 Second treatment
- Simple press-and-hold button
- Batteries provides up to 800 treatments
- Works through light clothing
- No leads or pads

With the Paingone Plus all you need to do is place the device on the area of pain, then press and hold the button for 30 seconds to deliver TENS therapy straight to the area of pain. This easy-to-use device is suitable for people with arthritis and sciatica, back, shoulder, and knee pain.

Paingone Easy

- Lightweight
- Fits discreetly under clothing
- Pre-programmed 15 minute treatment with automatic shut-off
- 12 adjustable intensity settings
- 3 modes – intense, soft and combination

Paingone Easy is clinically proven to relieve pain and unlike other TENS devices there are no complicated settings, wires, or gels. The device will cover a large treatment area and is good for backs, shoulders and legs, with easy-to-replace pads that can last up to 45 days, the device can be hidden discreetly under clothing, meaning the treatment can be repeated whenever you need it.

FOCUS ON THE MENOPAUSE

The menopause is a natural part of ageing that usually occurs between 45 and 55 years of age, as a woman's oestrogen levels decline.

In the UK, the average age for a woman to reach the menopause is 51. However, around 1 in 100 women experience the menopause before 40 years of age. This is known as premature menopause.

REPLENS PROVIDES THE LONGER-LASTING SOLUTION

REPLENS PRE-FILLED APPLICATORS (2 WEEKS SUPPLY)

REPLENS 35G TUBE (4 WEEKS SUPPLY)

Best selling vaginal moisturiser**

PRODUCT INFORMATION

- The oestrogen-free way to relieve vaginal dryness and replenish vaginal moisture
- For immediate and long lasting relief from vaginal dryness conditions
- Providing symptomatic relief from itching, irritation and discomfort
- Fragrance-free and safe to use with condoms (natural rubber latex, polyisoprene and polyurethane)
- Applied internally: 3 applications per week means Replens provides continuous moisture and comfort
- Regular use helps to maintain vaginal health

Oestrogen and Hormone free | Suitable for pregnant and breastfeeding women | No effect on sperms ability | 1 application lasts up to 3 days | Clinically tested

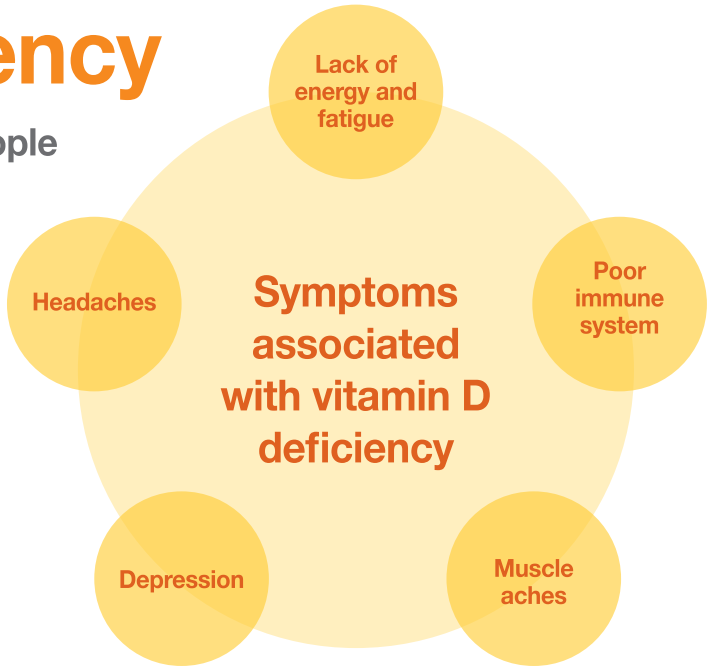
BetterYou™

Vitamin D deficiency

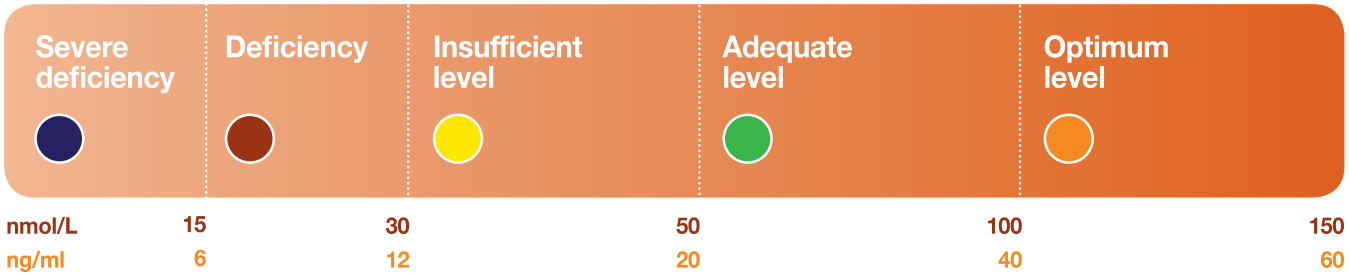
It's estimated that around 10 million people in England may suffer from vitamin D deficiency (NICE).

In July 2016, Public Health England announced a radical change in vitamin D requirements and now recommends that everyone takes a daily vitamin D supplement during the winter months to protect bone and muscle health.

Public Health England



The UK vitamin D status



Source: BetterYou and Sandwell and Birmingham NHS Trust

How much is enough?

Group	Daily requirements	Daily optimum	Upper tolerable limit	Correcting deficiency (2-3 month's treatment)
0-12 months	340-400 IU (8.5-10mcg)	400 IU (10mcg)	1000 IU (25mcg)	2000 IU (50mcg)
1-4 years	400 IU (10mcg)	1000 IU (25mcg)	3000 IU (75mcg)	3000 IU (75mcg)
5-16 years	600 IU (15mcg)	1000-2000 IU (25-50mcg)	4000 IU (100mcg)	6000 IU (150mcg)
17-70 years	600 IU (15mcg)	2000-3000 IU (50-75mcg)	4000 IU (100mcg)	9000 IU (225mcg)
>70 years	800 IU (20mcg)	2000-3000 IU (50-75mcg)	4000 IU (100mcg)	9000 IU (225mcg)

Vitamin D oral sprays

new

Traditional tablets and capsules don't suit everybody. Some of us, particularly children and the elderly, can find them difficult to swallow.

Malabsorption issues

An increasing problem is our body's growing inability to absorb the nutrients from the food we eat and from traditional oral supplementation. Our modern diet, increased stress levels and an aging population means that our digestive efficiency is worsening with malabsorption issues.

Faster than tablets – guaranteed!

A superior route for administration is the intra-oral route (through the mouth).

The key benefits of an oral spray include **convenience** and **guaranteed** absorption which traditional tablets, capsules and drops simply can't.

Whereas traditional supplements require sufficient hydrochloric acid within the stomach to break down the formulation for digestion, oral sprays deliver the formulation directly into the bloodstream.

Spray technology

A spray provides the active ingredient in micro-sized droplets. The plume of the spray is designed to coat the inside of the mouth, in particular the buccal membrane of the inner cheek which research shows is the most effective area of absorption.

Vitamin D is fat soluble making it perfectly suited to this delivery method as it relies on the bloodstream for transportation from skin to the liver and kidneys. The faster it can enter the bloodstream the sooner the body can benefit from it.

1000 IU

Better absorbed than a tablet

Great natural taste

3000 IU

Just one spray a day

Junior 400 IU

Happinose Balm Nasal Congestion Relief

Contains the active ingredient, levomenthol, that produces a cooling sensation in the nasal passages. Its' moisturising properties also help to soothe the irritated skin around the nose.

Balanced formula for soothing congestion

Happinose Balm Nasal Congestion Relief contains cineole (eucalyptol), geranium oil, white soft paraffin, and light liquid paraffin along with levomenthol to help ease congestion with a pleasant smell.

Versatile use

Happinose Balm can be used in and around the nose, on the lips, throat, chest and between the shoulders to help ease congestion.

Easy to carry

Happinose Balm Nasal Congestion Relief can be easily carried. It is especially ideal for air travel, as the ointment can be used inside the nostrils, protecting from airborne germs.
